

## PENDULUM SUPPORT FOR BOOM ARMS OVER 14 FEET LONG

### Options

#### Pendulum support

The Magnetic pendulum support is used with boom lengths exceeding 3.5m to cushion and support the boom in the horizontal position. Bouncing of the boom is prevented by the cushioning action of the pendulum support.

**PART NUMBER 1043.0138 for a PENDULUM SUPPORT  
LIST PRICE (07/2009) = \$210.00**

**NOTE: A PENDULUM SUPPORT (OR SUPPORT PILLAR) IS REQUIRED ON  
ALL BOOM ARMS OVER 14 FEET LONG.  
TWO ARE REQUIRED ON ALL BOOM ARMS OVER 27 FEET LONG**
